

let's make cupcake flags!

These little cupcake flags are simple but they can make homemade cupcakes even nicer! They are perfect for a child's birthday, shower, picnics, or any other occasion. I used these flags for mini-cupcakes, but if you wish you can scale them to any size. You can also use a flag as a template to cut and make flags from other papers, such as recycled wrapping paper, wallpaper, magazines, or security envelopes.

Supplies:

good-quality paper or cardstock
toothpicks or mini-dowels

Tools:

desktop printer
sharp new exacto knife
cutting mat
ruler
glue stick
